[NOTICE BY REQUEST.]
The second best, and the most
striking building in Louisville, Ky.,
is that occupied by the Public Library. It
was paid for by the Gift Concerts, managed
by a board headed by ex-Governor Thomas
E. Bramlette. The board is authorized by
the Legislature of the State to give five
of these concerts. The fifth takes place in
November next, and the profits, after dis-
tributing \$2,500,000 to the ticket-holders,
are to be used in perfecting the Library,
and furnishing the blind of the State with
books in raised letters. This is rather a
large thing for Kentucky. Governor Bram-
lette has given three years to this Library,
and he is making it the best in the coun-
try. Books are bought for this Library in
orders of \$20,000 at a time, and an enor-
mous amount of money has been paid
for paintings, statuary, and other work
of art. The next drawing in aid of the Li-
brary, in which the capital prize is \$300,
000, takes place, as we stated, in Novem-
ber next, positively.

A Substitute for Quinine
For years, quinine was regarded as the only
specific for malarial fevers. It was actually consumed
throughout our western country, more or less
daily along the river bottoms and adjoining
low lands.
With the fall months malarial in all its varied
forms, stalks like an epidemic throughout the
land, and a wide district are prostrated with
chills and fever, the entire population sinking
with agony. Heretofore, quinine was regularly
resorted to—but we have lately failed to ef-
fect a cure. It invariably deranged the stom-
ach, produced nausea, vertigo and fugitive pain in
the head to such an extent that months hap-
pened ere the system recovered from its effects.
Objections to its use were so marked that the
reduction of Mialler's Herb Bitters was
made in its formula. It is infinitely more
certain in its beneficial effects than quinine.
It possesses none of the domestic of that drug.
Instead of nauseating, it stimulates and invigorates
the system. In fact, a judicious use of Mialler's
Herb Bitters, this season of the year will prevent
the recurrence of this disease, even in
those who have never passed an autumn with-
out it. An experience of twenty years proves
it to be the greatest ANTI-MALARIAL known to
medical science.
There are, perhaps, no diseases so subject to
climate changes as affections of the Kidneys.
Hundreds of our farmers, mechanics and labor-
ing men, along and hardy as they are, re-
suffer continual inconvenience and occasional
paralytic pains in the back and across
the loins, experience a frequent desire to pass
water, pain during the passage, a small and
frequent stoppage in its flow. These manifestations
resulting from some strain or heavy lift (per-
haps years ago) and acquire a permanent
character. Mialler's Herb Bitters is the only cer-
tain remedy for this class of diseases. It has
a peculiar tendency to the kidneys, stimulates
them to healthy action, and removing the
cause, prevents the formation of brick-dust de-
posits, which, if permitted to continue, will by
gradual formation of gravel, necessitating a
painful operation for its removal. Many of the
ingredients entering into its composition, are
universally recognized as specific for all com-
plaints of the urinary organs. In Liver Com-
plaint, Dyspepsia, all disorders of the Bowels
and affections of the Throat and Lungs, it is
equally certain and efficacious, while as a
remedy for the complaint peculiar to the fe-
male sex, it has no equal. LAMENESS, old and
new, marred and undiminished by any other
of life, will find this HERB BITTERS a most
valuable remedy. The pale yellow
coloration is replaced by a blooming,
rosy complexion, and the system is restored to
its normal state to perform her functions abun-
dantly and without inconvenience. Sold
in bottles by all Druggists and general dealers.
